📍 Melbourne, Australia

## EXPERIENCE

**Front End Developer / Website Designer / Project Manager**          **Inology Australia**
*July 2012 - Present*

- Designed clean and user-friendly websites adhering to client briefs and style guides, using industry standard software such as Figma and Adobe Photoshop
- Utilised HTML, CSS and JavaScript to build 350+ websites, including 45+ e-commerce and 40+ email marketing sites on a custom CMS platform
- Fully managed projects, from initial client contact to website build and client handover, as well as CMS training and ongoing support
- Server management including database creation, migrating sites and managing DNS settings
- Trained and supervised employees in company practices and procedures

**Freelance Graphic Designer**          **The Content CliQ**
*April 2024 - July 2024*

- Short-form video editing of User Generated Content (UGC) for TCC's clients
- Adhered to creative briefs, suggesting changes where necessary, and maintained established tonal and visual styles
- Delivered polished video and audio, exported in appropriate formats and resolutions for social media platforms such as TikTok, Instagram and Facebook

**Digital Design Intern**          **The Social CliQ**
*July 2023 - October 2023*

- Social media content plan asset design, including graphics, stories, and video creation
- Supported senior design staff with content creation, including filming, editing, and asset design
- Utilised industry standard software and tools to carry out tasks, including Monday, Canva, Photoshop, After Effects, and Illustrator

**Freelance Digital Designer**
*January 2021 - Present*

- Liaise with customers to interpret requirements of the job, collate information and assets, and produce a creative brief
- Create style guides and website designs for desktop and mobile
- Build and maintain websites across all browsers and devices
- Produce web assets and social media posts

- Adept knowledge of JavaScript
- Proficient UI design and prototyping skills for web
- Short form video editing and motion graphic design
- High attention to detail
- Creative problem solving
- Excellent communication and organisation skills

## INTERESTS

**Competitive Pokémon TCG**
On weeknights and weekends you'll find me competing at local stores in the Pokémon card game. What started out as a hobby has quickly grown into a life goal of competing at the World Championship event. I won't stop until I achieve it!

**Live Music**
Music is one of my biggest passions, and live shows is where I've had some of the best times of my life. I have seen over 200 bands/artists live since my first concert in 2009.
